

## BCS-222 5.1 Blu-ray Home Cinema System with Virtual 3D Sound, 4 Compact Speakers and Karaoke

[Print page](#) | [Home](#) | [back](#)

### Discreet home entertainment.

Experience intense 5.1 Virtual 3D sound from 4 subtle satellite speakers, a slim centre speaker and large subwoofer for richer and more powerful sound.

Along with Blu-ray, DVD, CD and SACD playback, the system offers **support for multiple sources and formats**, including USB devices, FM radio, LAN, HDMI, DivX+ HD, FLAC and FLV.

**5-Speaker Mode** and **Sound Retriever** offer enhanced sound quality, while **Net Contents Mode** optimises low-grade, digital video formats, e.g. YouTube videos.

The BCS-222 comes with a **microphone input for karaoke singing**, allowing you to adjust **Mic Volume** and **Echo Control**.

### More sound with fewer speakers

Virtual 3D Sound lets you enjoy full surround sound without the need for additional speakers. By turning on Virtual Height, Virtual Surround Back, Virtual Depth and Virtual Wide modes, you can experience truly rich, virtual sound.

### The latest HDMI technology

With HDMI version 1.4a, this system allows you to watch 3D video from a Blu-ray disc. Now you can enjoy pure audio/visual clarity from HDMI, and surround yourself in Virtual 3D, all from one Blu-ray DVD.

### Bluetooth audio streaming

Stream audio from your Bluetooth-equipped phone, laptop or tablet (**optional adapter** required). The Sound Retriever feature optimises sound quality during transmission

## Use YouTube, Picasa

When you connect the system to your home network via LAN, you can watch YouTube videos and view your pictures on Picasa. Net Contents Mode optimises low-grade, digital video formats as you play them.

## Specifications
