Specifications are subject to change without prior notice.

- Language support depending on Google; at the launch, it is available in GB, FR, DE, IT, ES, and SE. In addition to these countries and languages English in UK pronunciation is supported in any country after changing tv menu language to English.
- Language support depending on Amazon support for Alexa. At the launch, it is available in GB, FR, DE, IT and ES languages.
- Parts of Flash memory are reserved for OS and software updates and thus only part of this memory is available for apps download. This memory can be extended by connecting USB memory.
- Google Assistant built-in is accessible via mobile app called Android TV remote available for iOS and Android based smartphones.
- Works with GA on 75"6 series will work only in DE and EN-UK language. GA enabled device e.g. wi-fi speaker like Google Nest mini is required to use the functionality.
