SONY

HT-NT5

Sleek, Stylish Sound Bar with Hi-Res Audio and Wireless Streaming

The ultimate Hi-Res sound bar for your 4K home theater experience.[1] The NT5 packs power and performance worthy of any home theater into a sleek, beautiful design. Experience the sonic details of every movie, playlist, and videogame thanks to the clarity of Super Tweeters and support for Hi-Res Audio playback.. And connect your compatible device wirelessly to stream music from all your favorite services.

Bullets

- Experience rich, Hi-Res sound in a stylish design
- Maintain 4K quality with HDCP2.2 and HDR support[1]
- Dolby® TrueHD & DTS-HD Master Audio format support[1]
- Easily add wireless surround sound speakers

- Enjoy wireless multi-room listening[3]
- Get connected with 3 HDMI inputs, HDMI ARC and more
- Play music[4] wirelessly via Bluetooth®[2]
- Hi-Res Audio playback via USB

Features

Hi-Res sound in a stylish design

Enjoy the subtlest nuances of studio-quality sound with Hi-Res Audio. Super Tweeters for crystal clear highs and a powerful subwoofer for deep, booming lows. All in a sleek, stylish sound bar.

4K quality from source to screen[1]

Maintain 4K quality from source to screen. The 4K pass-through feature allows 4K data to be displayed on a 4K TV or projector, without compromising image quality. Offering a pure 4K experience, this sound bar makes the perfect partner to your 4K-capable TV and a solid cornerstone for your home entertainment system for the future.[1]

Dolby® TrueHD & DTS-HD® Master Audio[1]

With Dolby® TrueHD & DTS-HD® Master Audio[1] format support, enjoy the original, uncompressed soundtracks of your favorite movies and TV shows – just as the director intended.

True wireless surround sound

Easily add compatible Sony wireless speakers as rear surround sound speakers to enjoy an even more immersive experience.

Wireless multi-room listening

Let the same great song follow you around the house with multi-room listening, controlled via the SongPal app. Use SongPal Link to group selected Sony sound bars and speakers together, then stream music from different music services, a smartphone, a PC, or your DLNA network in multiple rooms throughout your home. [4]

Get Connected

It's easy to expand your home theater setup. With three HDMI inputs, one HDMI ARC output, a USB input, as well as digital optical and analog connections, there's space for all your equipment.

Play music wirelessly[4] from your favorite devices via Bluetooth®[2]

Stream music[4] wirelessly from your smartphone, tablet, or laptop in an instant. Enjoy easy, one-touch connectivity and music streaming[4] thanks to NFC. No NFC? No problem. Connect via Bluetooth® and you're ready to go.[2]

Hi-Res Audio playback via USB

Connect a USB device to the USB port to enjoy High-Resolution Audio playback. Both DSD and 24 bit/192 kHz high bit rate audio codecs are supported.
